

ARIKAT

Kamiti Cosmology of Creation 101

6-Week Online Course

The manner in which the Ntorou/Ntorotu, the Divine Spirit-Forces in Nature (Goddesses and Gods), fashion Creation is reflected in the manner in which we fashion our physical and spiritual selves as Afurakani/Afuraitkaitnit (African~Black) people on every level: individual, family, clan and communal. This is when we are grounded in our Ancestral Religion. There is no understanding of the value of life without a clear understanding of **ARI KAT**, the work of Creation - cosmology. This understanding is born of direct ritual experience and expressed through symbol and language.

In our course **ARIKAT - Kamiti Cosmology of Creation 101** we examine the cosmological accounts of Khemennu (Hermopolis), Benbenet and Annu (Heliopolis), Ta Apet (Thebes), Men Nefer (Memphis) and Napata (Nubia). Ntorou/Ntorotu (Deities) examined include: Amen, Amenet, Ra, Ra'it, Atem, Iusaaset, Ptah, Sekhmet, Kheper, Kheperit and many more.
